GOVERNMENT OF MYSORE.

NO. HES. 2087

Office of the Director of Public Health
in Mysore, Bangalore, 22nd. June 1944

From

The Director of Public Health
with the Government of Mysore,

To

The Secretary
to the Government of Mysore,
Law Department, Bangalore.

I have the honour to state that instances of Sanitary and Assistant Sanitary Inspectors being withdrawn from the Department and appointed as Special Revenue Inspectors etc., of the Food Department have come to the notice of this Department. These Sanitary officials are appointed to the various local bodies from this Department and they are only to be treated as lent officials of this Department. Two such instances of appointments have recently occurred, one in the case of the Bhadravathi Old Town Municipality, where the Assistant Sanitary Inspector was appointed as Commandeering Officer for the Bhadravathi Old Town in connection with the Food Acquisition Work. The other instance was at Goribidnur Town, where it was stated by the President that the Assistant Sanitary Inspector has been taken as a Special Revenue Inspector of the Food Department. Both of these Municipalities intimated only after effecting the changes and even without consulting this Department. They requested for the posting of substitutes which could not be complied with, owing to the paucity of hands.

2) It may here be observed that the Sanitary and Assistant Sanitary Inspectors have technical qualification and are meant for technical work. It is beneficial and economical to employ them to carry out technical work. Non-technical personnel can easily look after the Special Revenue Inspectors' work.

3) Under the circumstances stated above, I request that Government may be pleased to direct the Sanitary Inspectors or the Assistant Sanitary Inspectors should not be employed by other Departments without consulting this Office, whether their services could be spared.

I have the honour to be

your most obedient servant,
